3780 Digital Combination Lock

This standalone battery operated lock allows the user immediate and simple keypad access without the need for a key. Users have the flexibility to set and change their personal entry code whilst a preset master code ensures that supervisor access is always available or in an emergency use the key override.

This innovative product can be programmed for dedicated private mode or public mode and is suitable for a wide range of applications including lockers, cupboards, medical carts, furniture, gun cabinets etc.

A quick retrofit for keyed cam locks supplied standard on a wide range of cabinets and cupboards. It can just as easily be fitted to units which don't have a locking device already fitted, giving the user immediate, simple, keypad access without the hassle of keys!

The NEW 3780 DCL is ideal in leisure centre lockers, medical carts, individuals' cupboards, key cabinets etc. Use in offices / schools / warehouses / hospitals / care homes / nurseries / hotels / leisure facilities.

Available in two finishes: Silver or Black. Alternative colours available on request.
